- \* Adding Asset Records
- \* Manage the Life Cycle
- \* Query & Drill-down

## \* Generate Standard Reports

Concerned about the accuracy of your monthly fixed asset reporting? We can help. Bassets will manage your business assets, control costs, maximize tax savings and meet all your reporting requirements.

- \* Depreciation Detail
- \* Monthly Activity
- \* Journal Entry
- \* All reports can be exported to spreadsheet
- \* Custom Report Writer is also available

## \* Setup & Data Conversion

If you are not pleased with your current fixed asset solution, but feel “trapped” because you are afraid of a difficult data conversion, please contact us.

- \* Included with annual software maintenance
- \* Easily convert your existing data
- \* Reconcile depreciation with your current calculations
- \* Typically up and running in 7-10 business days

## \* Adding Asset Records

Monthly asset additions can be completed in several ways. Bassets gives you many options to automate and accomplish this task in less time.

- \* A/P Import
- \* Data Import from spreadsheet or text file
- \* Manual data entry with as few as 4 required data fields
- \* Intelligent business rules simplify asset entry and eliminate errors

## \* Manage the Life Cycle

Accounting departments are faced with the difficult challenge of managing corporate assets through their complete useful life. We have the tools to handle all of the asset activity.

- \* Asset Disposals
- \* Asset Transfers
- \* Adjustment to Basis
- \* Deletions
- \* Depreciation Projections

## \* Query & Drill Down

A simple user interface allows you to easily and quickly process complex queries. Additional conditions can then be added to further refine the asset results.

- \* Flexible Multi-asset Browse
  - ◇ Select individual fields
  - ◇ Set sort order
  - ◇ Choose selection criteria
- \* Export to a spreadsheet in just 2 clicks
- \* Process thousands of assets in less than one minute

### **See Bassets in action! All you need is a phone and web browser.**

If you are too busy to download and install our demo software, why not try an **on-line web demo**? This is an easy way to see **The Bassets Fixed asset System** in just 15 minutes.
