Press Release

Bassets Fixed Asset Software and Workwise, Inc., announce a strategic alliance to integrate Bassets eDepreciation and WorkWise, Role-Based-ERP™.

Ramsey, New Jersey – November 19, 2010 – Bassets Fixed Asset Software, a leader in stand-alone fixed asset software, announced today that it has formed a strategic alliance with WorkWise, Inc., a leader in RB-Based ERP or (RB-ERP™), solutions to integrate it with Basset eDepreciation. This new alliance will enable customers to take advantage of a fully integrated and robust RB-ERP solution to better manage their business assets, control costs, maximize tax savings and meet all their reporting requirements.

“We are very excited that we’re able to provide our customers with a fully-integrated and proven fixed asset solution and eager for them to take advantage of Bassets eDepreciation. Bassets’ experience in the fixed asset marketplace will add tremendous value to our current offerings and customer base,” said Wayne Wedell President, WorkWise Inc.

“WorkWise, is a straight-forward and easy to use RB-ERP solution. We are pleased to align with WorkWise, Inc. and provide the ability to enable customers to take advantage of this synergistic partnership. It will allow them to save time and react faster to provide the most up to date information to their customers and management chain,” said Steve Schimpff, VP Sales, Bassets Fixed Asset Software.

About WorkWise, Inc (www.workwiseinc.com)

WorkWise is a customer-centric solution provider of the RB-ERP enterprise applications. In addition, WorkWise provides a full range of offerings, including Customer Support, Consulting, Technical and Integration Services. Companies that require solutions that simplify and optimize manufacturing information, supply chain management, manufacturing execution and planning can

enhance their operations through use of RB-ERP by taking time out of the business processes and increasing value-add in products and services.

About Bassets Fixed Asset Software (www.bassets.net)

Since 1989, the sole focus of **Decision Support Technology (DST)** has been the development and marketing of the Bassets Fixed Asset Software. Over the last decade, Bassets has become a leader in the stand-alone fixed asset software market with a best-in-class product.
